

35 kHz Ultrasonic Generator

011832

Integrated into Colla Heart 1.0

Simple, instant, safe

Efficient

011832 Highlights

- Market leader Herrman Ultraschall 1000 M CV, 35 kHz ultrasonic frequency generator with cables
- Base integrated solution gives the most compact ultrasonic cobot solution on the market
- Choose within a whole line up of different Collobro ultrasonic converter tools to suite your application
- Remarkable welding quality and repeatability
- Welding cycles below 2 sec. achieved
- Continous welding performance with Collobro sonotrode air cooling solution

**“Collobro,
- Simply the right solutions”**
