

Pillar High

010673

010673 Highlights

- | |
|--|
| • The highest pillar in the range with 476 mm height |
| • Fits in all 3 mounting positions on base Colla H1.0 |
| • Quick, accurate, simple mounting |
| • The extra high pillar is useful where for example high pallet stacking or high level reach is needed |
| • Pillar High is successfully used together with Collobro Safety Scanner 011396, (adds 91mm) |
